**FACING LIFE'S GIANTS**

**D**uring the NCAA basketball tournaments, many fans enjoy rooting for an underdog, hoping a Cinderella story will emerge. First-round March Madness matchups often are billed as David vs. Goliath events, with perennial powerhouses facing off against little-known schools.

## Raising Joy-filled kids

Underdogs play key roles in the Bible: Moses takes on Pharaoh's army, Daniel defies a king and David squares off against an actual giant. Being an underdog didn't faze David, who knew the source of his strength: "For the battle is the Lord's," he says in 1 Samuel 17:47. What assurance as we battle life's "giants"!

In *Goliath Must Fall*, Louie Giglio writes, "Our giants keep taunting us, so we need to hold God at his word: that he is already victorious." Instead of "staring at our giant," we must "lock eyes with Jesus" and remember that "life is short and God is big." With bold hearts, adds Giglio, we can worship with "holy urgency: while giants fall.

This is not just more advice - it's a whole new paradigm that could change how you lead the kids in your life forever!

When you attend *Raising Joy-Filled Kids* you will discover a tool box full of skills that you can use with the kids in your life, whether your own, students, grandkids or anywhere else, to help them grow in maturity and live with greater joy. These tools help your kids, from infants to teens, build skills like:

February 27, 2022

- Regulating upset emotions so they can return to joy
- Forming a stable identity that doesn't change with each new emotion
- Developing discernment to distinguish between what is satisfying and what is only temporarily pleasurable.
- Discovering heart values and not just living to please others
- Building "joy bonds" rather than "fear bonds".

We're excited for *Raising Joy-Filled Kids* because the concepts and practical guidance offered in this seminar is unlike anything most of us raising kids have heard before!

**Deadline to register in the lobby is March 20.** Question? See Pastor Nic.

**F**ebruary is homelessness awareness month. Being homeless is tragic for a family. Whether it's due to job loss, family crisis, or divorce it is a horrible dilemma for a family to go through.

Volume 32 Number 08

Now, imagine a child who finds themselves in a situation where they have had to run away from an abusive home life, have been kicked out of the family home with nowhere to go, or simply abandoned by their parents. They have a fear of going to the authorities because they think that either they or their parents will get into trouble. These children do not have the life skills or support to manage their own affairs. In most cases they have no income, no housing, no job and NO HOPE.

Having no hope too often leads a teen into a life of drugs, prostitutions and criminal behavior. Thanks to the support from our community over the last four years, Bashor has opened and maintained a safe place for these children to go. Our Children's Shelter has served over 249 children from Elkhart and surrounding counties. We have given them a safe place to sleep, reunited them with family members, taught them how to be more self-reliant, and helped them get housing, transportation and employment.

Bashor works with up to eight teens at any given time, all with different needs and obstacles in their way.

Since opening the Children's Shelter, we have been near or at capacity.

We need your continued support to reach out and help keep these young children off the streets. Please consider making a donation to **Support Our Shelter Campaign** during homelessness awareness month (or any time) and give these kids a fighting chance throughout the year.
