Who's New in the Pew?

This week we feature two very special ladies. They are good friends who have been sharing the same house over the last several months. **Irish Campbell** moved to Shipshewana in 2013. Now retired, she worked in the legal field for 27 years and trained and raced standardbred horses all over the USA. Her husband, Joe, passed in 1999 and life had to begin anew for Irish. She has many hobbies she enjoys, but most recently she has joined the sourdough baking craze. She has been teaching her neighbor children how to sew, crochet and garden. She is a self-proclaimed “Green Thumb” gardener!! She also loves to find old furniture and and make it new!

Lehigh Vickroy is very new to the Shipshewana area. She moved here from Ohio 6 months ago and now lives with her very good friend of many years, Irish. Lehigh is creative and loves to make crafts in her free time.

Get to know Irish and Lehigh - you'll be glad you did!

REFLECTING ON RESURRECTION

In *Rest Your Dreams on a Little Twig*, poet Joyce Rupp finds in spring flowers the proclamation of the gospel: “we who have died / are alive today.” In another poem in the same volume, she writes: “A green shoot grows / out of an old tree stump, / announcing to the world / that power lies within death.”

As you move about outdoors these springtime days in the northern hemisphere, where do you see nature testifying to resurrection? Where is evidence that what seemed dead — bare branches, dry grass, inactive seeds — was not in fact the final word? What encourages you to believe in renewal, second chances, life that blossoms from death? In

what ways are you, who had died, alive today? Part of your life that felt like an old stump might be sprouting green shoots after all!

Northern Indiana Right to Life has chosen Shore Church as one of the five recipients to receive their Pro-life resource box. The box is in the church library and contains four books; *The Case for Life, Humanly Speaking, Why Pro-Life and Pro-Choice or ProLife?*

It also contains The movie *Unplanned* and *Roe V. Wade* as well as a LiveAction dvd called *Meet Baby Olivia* where you can follow the progression of a baby in the womb using the technology of high-definition ultrasound.

Check out these wonderful resources.
