SHINE WITHOUT WAX

How sincere are you, really? How honest, dependable, and genuine? These are traits that shape our character and help others see Christ in us.

The word sincere comes from an old Latin phrase meaning "without wax." In ancient Rome, potters sometimes used wax to hide cracks in flawed pottery. Buyers would hold each piece up to the sunlight to see if it was truly solid and not hiding any imperfections.

When we allow the light of Christ to shine through our lives, it reveals both our rough spots and our strengths. The good news is that Jesus never shames us for the cracks; he restores us. As his light works within us, we grow into people of integrity who are whole, authentic, and sincerely His.
